

DIRECTOR, HEALTHCARE, SINGAPORE (REGIONAL)

Vriens & Partners (V&P) is the leading government affairs consulting firm in Southeast Asia. Operating in the most dynamic part of the world, Vriens & Partners is headquartered in Singapore, with offices in the Philippines, Vietnam, Indonesia, Thailand, Myanmar, Malaysia, and Cambodia. Our team comprises 80 full-time employees from over ten nationalities, as well as 40 senior advisors from across the region.

V&P's culture is open, welcoming and fast-paced, where everyone can voice their views and make a positive impact. Our collaborative approach across diverse teams and industries allows for employees to grow as individuals and consultants and build new standards of achievement.

Our clients are primarily major multinationals, along with various business associations and non-governmental organizations. A growing advisory firm, V&P offers a challenging and fulfilling work environment. Find out more at www.vrienspartners.com

POSITION

The Director, Healthcare, is responsible for leading and developing the firm's healthcare practice in Southeast Asia.

An expert in healthcare policy and implementation in the region, the candidate will be an experienced project and client manager with proven capacity to develop and implement effective campaigns related to healthcare policy and/or public health. The candidate will bring to bear their expertise, credibility and network to support our teams around the region on healthcare projects and related business development.

We expect the candidate to be an adept analytical and strategic thinker, with well-honed skills in synthesizing complex information, drawing conclusions, and translating them into action. Clearly communicating plans of action to international healthcare executives through written reports and presentations will be part of your daily work.

QUALIFICATIONS

- Eight+ years of relevant work experience in healthcare and/or public health, either in a consulting or academic role, an in-house government affairs role, or in government, journalism, or think tanks.
- A relevant undergraduate degree, preferably in areas of public health, public policy, political science, law or economics. An advanced degree is a value-add.
- Strong knowledge and understanding of healthcare models in the region, as well as healthcare realities on the ground.
- An understanding of the role and reputation of the pharmaceutical and medical device industry in the region.
- Motivated self-starter, team player, eagerness to contribute to firm's growth.
- Excellent written and oral communication skills in English.

Interested candidates should send their applications to careers@vrienspartners.com and indicate the position being applied for in the subject line. Please include a cover letter demonstrating interest and fitness for the position (required) and current resume.
